Head Start Family and Child Experiences Survey Center Director Interview

Spring 2001

	Center ID:	
Center Director Name:	Center Director Name:	

Date: _____ Interviewer:_____

The purpose of FACES is to learn how the Head Start program helps families around the country get services for their children. I want to talk with you so we can understand how Head Start interacts with children and families from your point of view. Information from this study will be used to help Head Start to improve services provided to children and families.

I will ask you questions and write down your answers. You may stop me at any time, and you may go back to earlier questions to change your answers. No one else from the Head Start program will see or hear your answers. The things you tell me are very important, so please be as complete as possible. Our interview should take approximately 30 minutes.

Before we begin, let me read the following to you:

NOTICE: According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB Control Number for this information collection is 0970-0151 (expires 7/2003). The time required to complete this information collection is estimated to average 30 minutes per response, including time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

Do you have any questions before we start?
